- AZ Governor's Office
- AZ Department of Education
- National Institute for Excellence in Teaching

Stakeholder Impact

- 12 districts | 60 Arizona schools
- Urban, rural, high-need
- 2,500 educators | 51,000 students

Key Goal & Strategies

Building with the end in sight

Increase Teacher Effectiveness

- Evidenced-based Evaluation System
- Weekly Professional Development Sessions
- Performance-Based Compensation
- Leadership Development

Applied Model: TAP System

Teacher & Student Advancement Program

- Integrated Data Management System
- Stakeholder Tools

Live Demo

Building stakeholder tools

1. As a District or School Administrator, I will be able to monitor and evaluate:

- Staff Observations
- Staff Professional Growth
- School/District Roster Validations

2. As a Teacher, I will be able to monitor and evaluate:

- Individual Observations
- Individual Growth Plans
- Validate Student-Teacher Roster

Challenges

Building solutions

Overcoming challenges

- Access to Data Sources
- Data Standardization
- Student-Teacher Performance Linkage
- Roster Validations

Next Steps

Building integrated systems

2010-2013 - Completed Development (\$960K)

- Data Warehouse Framework ☒
- Initial User Dashboard & Data Validation ☒
- Enhanced Reporting Layer ☒
- Observation Tools ☒

2012-2013 - Current Development (\$400K)

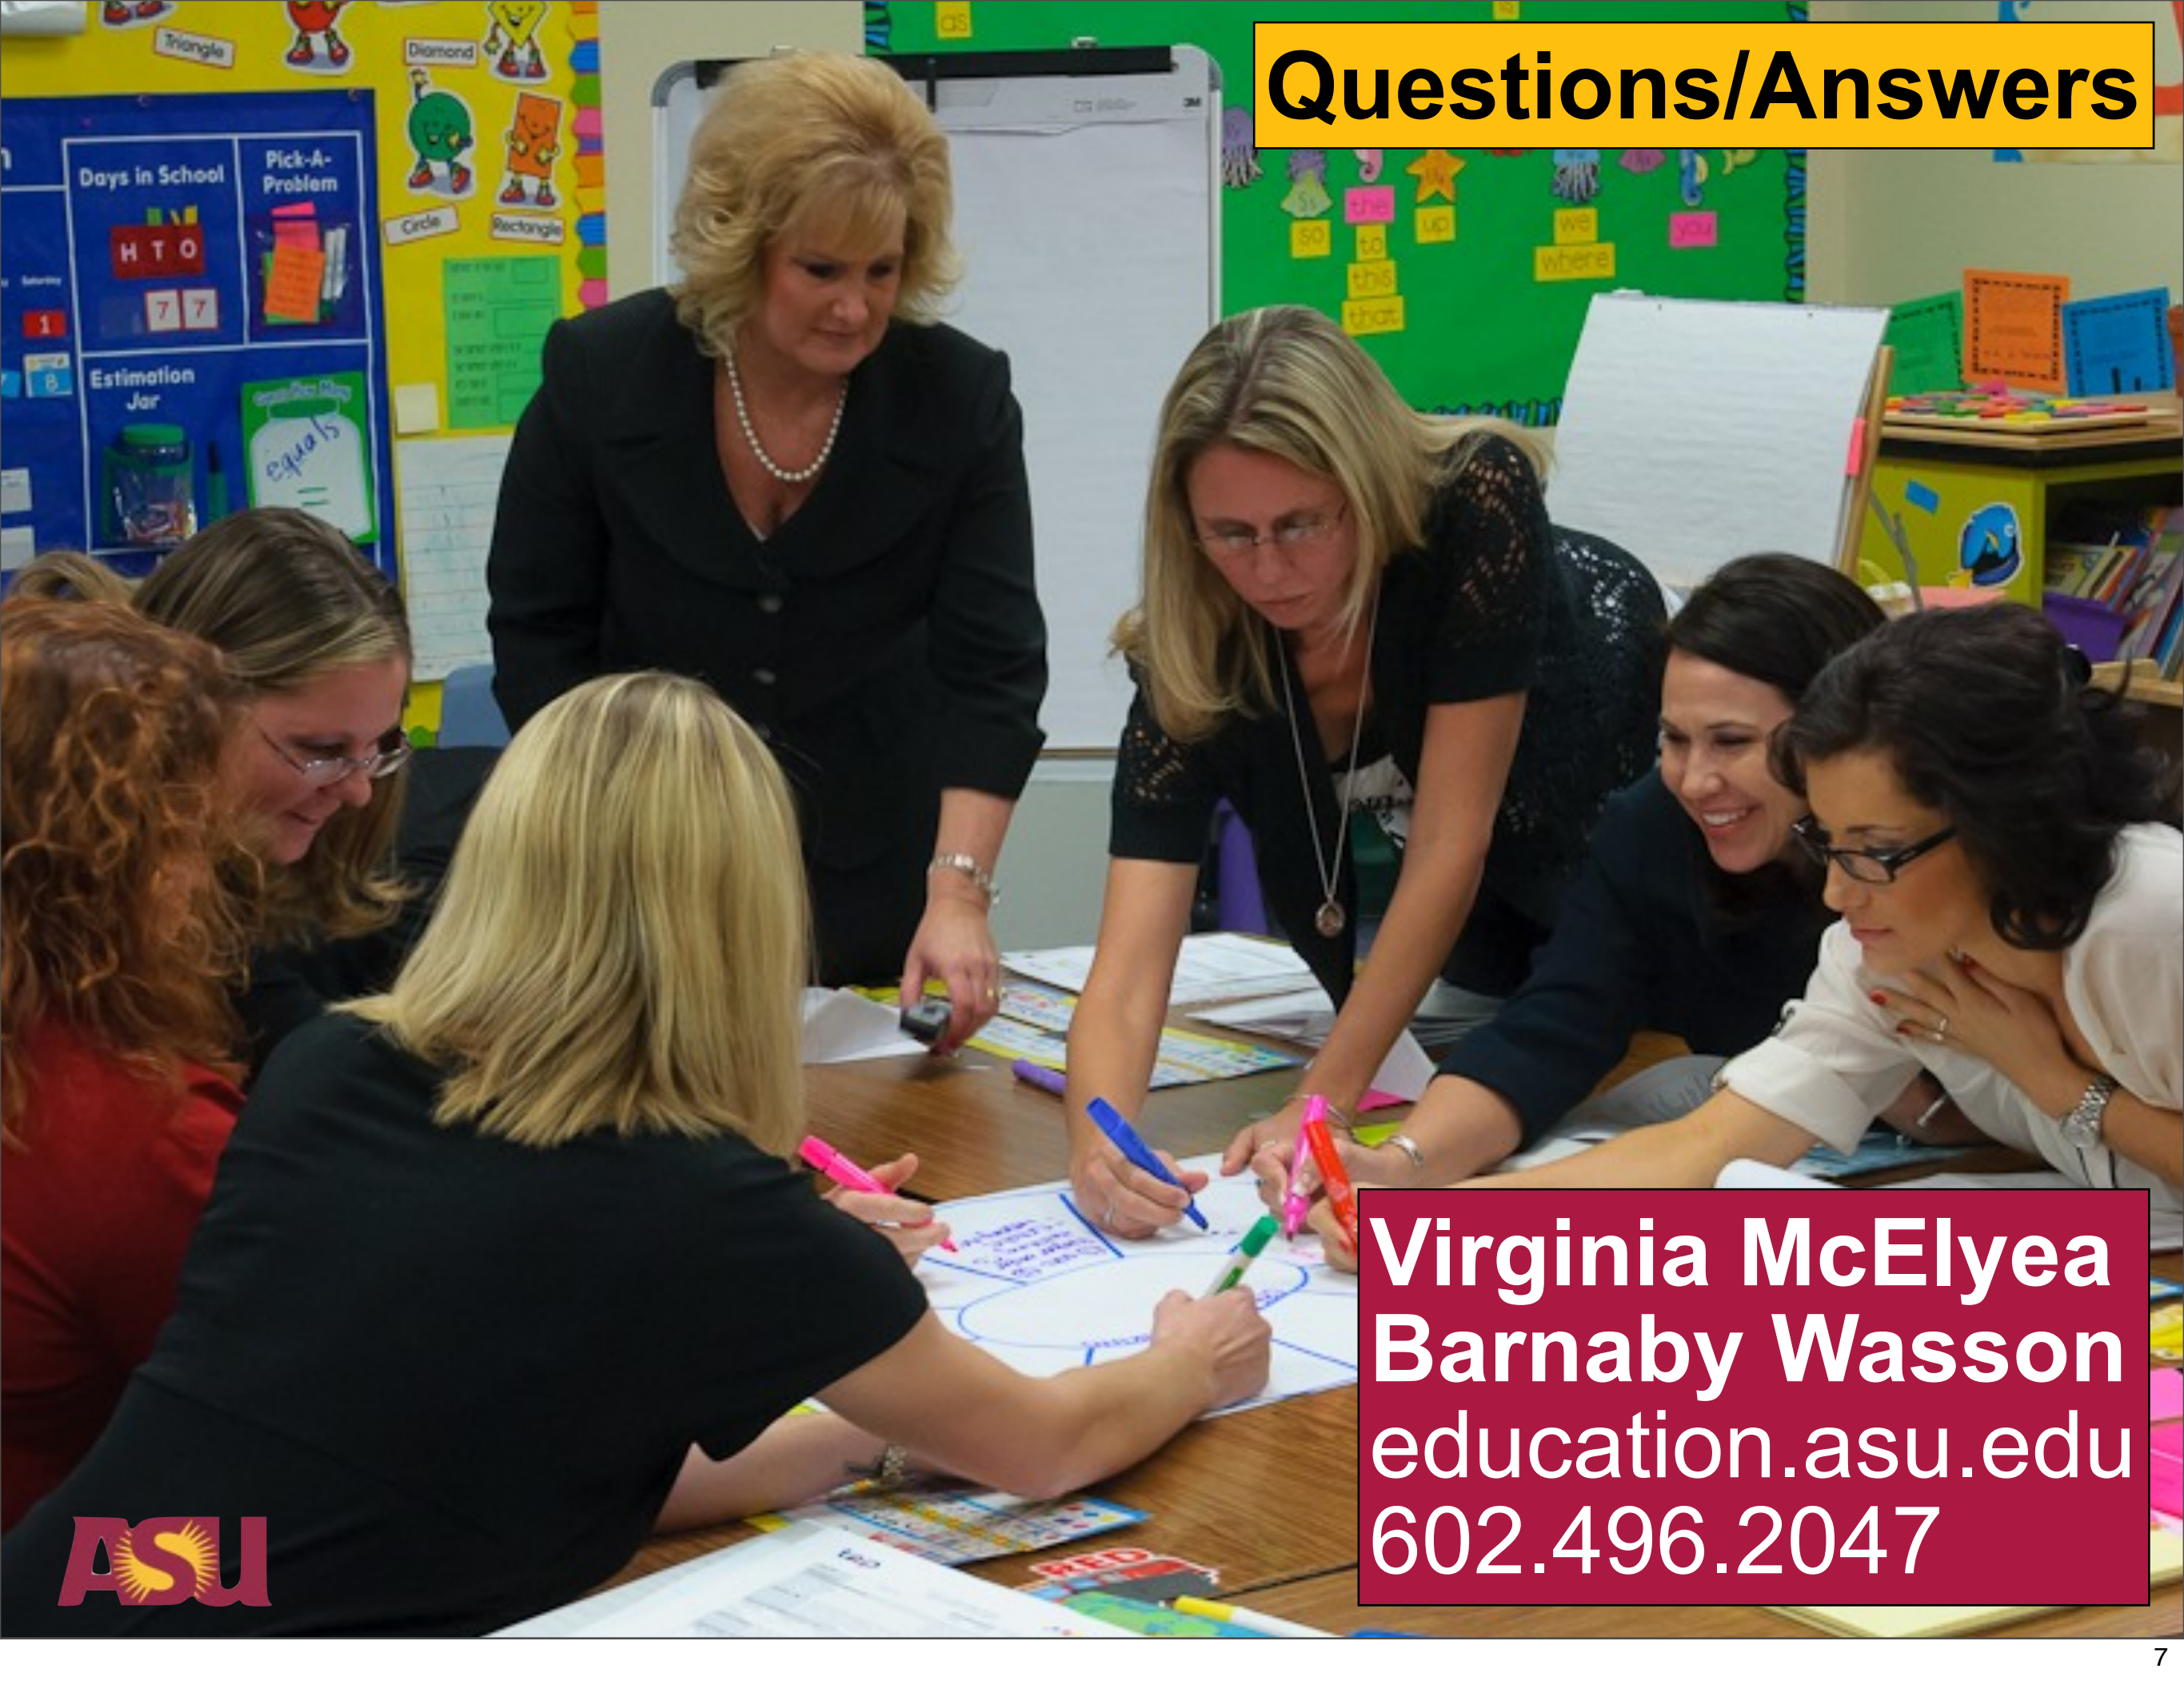

- Ad Hoc Reports
- Student Growth Charts

2013-2015 - Future Development (\$1.4M)

- Additional Data Sources & Elements
- Increased Data Frequency & Validation
- Mobile Data App
